

Tants in Gartn Eyd n (Berlin, Germany)

The Popular Klezmer-Dance Band from Berlin!

tants in gartn eydn Berlin's popular Klezmer dance band has been the first band in Germany playing regularly Klezmer-music for dancing. And it still is one of the hottest Klezmer bands of Berlin following the idea „Let's make them dance!!!“

And that's the way it works: The dance master introduces the dances shortly, the band plays a good Klezmer tune, the singer attacks the public's heart. Everybody dances how he/she feels – in perfect Klezmer-style or more contemporary...Old and young, dancer and non-dancer are dancing together! And it's fun!

tants in gartn eydn performs Yiddish songs beyond the known repertoire (singer: Fabian Schnedler!) and the whole range of traditional Yiddish dance music: ukrainian Kolomeykas, Freylekhs and Shers from Moldavia and Bucovina, Horas from Bessarabia and even Roumanian Sirbas....The richness of this band is the will to play straight dance music as rough, tender and unaffected as in an old village tavern of Radomishli (today's Ukraine). We play traditional Klezmer music vividly and in our own unmistakable way! Come and hear!
